To: Valued Customer

From: McKesson Medical-Surgical, Inc.

Date: July 3, 2014

Subject: Equipment Catalog Prices Extended until December 31, 2014!

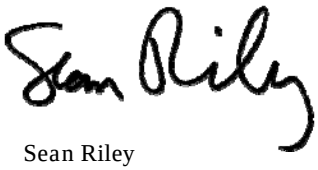
We have some exciting news to share with you. McKesson Medical-Surgical is pleased to announce the six month extension of pricing in our current Equipment Catalog, until December 31, 2014.

We have been working with our suppliers in order to provide you with these continued cost savings on our most popular equipment items featured in the January 1, 2013–June 20, 2014 catalog. We have locked in these prices and will be offering them to you for an additional six months.

A small list of items, which we have identified on the second page, do have a price change as noted for the time period of July 1, 2014–December 31, 2014. It is easy to place an order with McKesson Medical-Surgical: Visit mms.mckesson.com or call 888.775.Equip (888.775.3784).

All that we do at McKesson Medical-Surgical has one focus: our customers. We value you as a customer and we will continue to provide you with the quality support and service that you deserve. Please contact your McKesson Medical-Surgical Account Manager if you have any questions.

Sincerely,



Sean Riley

VP Segment Marketing, Extended Care

The product information contained in this catalog, including the product images and additional product materials, was collected from various supplier sources. All product claims and specifications are those of the product suppliers, not McKesson Medical-Surgical or its affiliates ("McKesson") and have not been independently verified by McKesson. McKesson is not responsible for errors or omissions in the product information.

The properties of a product may change or be inaccurate following the posting or printing of the product information in the catalog, either in the print or online version. Caution should be exercised when using or purchasing any products from McKesson's online or print catalogs by closely examining the product packaging and the labeling prior to use.

Due to product changes, information listed in this catalog is subject to change without notice. This information is placed solely for your convenience in ordering and McKesson disclaims all responsibility for its completeness and accuracy, whether or not the inaccuracy or incompleteness is due to fault or error by McKesson.

For your convenience, the "not made with natural rubber latex" statement shown has been placed by many of the McKesson Brand products in this catalog. The absence of a not made with natural rubber latex statement or bullet of information does not indicate the absence of latex properties in such products. This information is placed solely for your convenience in ordering. The not made with natural rubber latex or latex properties of a product may change or be inaccurate following the printing of this catalog. Caution should be exercised when using or purchasing any products in our catalog by closely examining the product packaging and the labeling prior to use to determine whether such product contains latex.

Invacare® Carroll CS Series™ Beds

The CS Series is engineered with an easy-to-clean, arched slat deck design and features a unique sealed hand pendant for improved infection control.

- CS beds utilize tool-less assembly for fast set up at facilities
- The slat deck is designed for easy cleanability, improved infection control, and reduces mattress wear and tear
- Rubberized sealed hand pendant is fluid resistant and shatter proof
- Pure vertical rise saves space and prevents the bed from moving towards the wall
- Hand pendant can be used on either side of the bed

SIMPLIFYING RESIDENT SUPPLY ORDERS

Healthcare products you need.
Service you deserve.

National Rehab (NR), part of McKesson Patient Care Solutions, offers Long-Term Care facilities a program that simplifies ordering and can ultimately help conserve the facility's resources by billing the resident's insurance directly for supplies.

NR PROVIDES

- Wound care, urological, ostomy and trach products
- Direct billing to residents' insurance for reimbursable supplies used in your facility
- Dedicated Representative Program that manages paperwork and simplifies ordering

For more information about having a dedicated NR representative for your long-term care facility, please contact National Rehab (NR) at:

1-877-567-8468 ext. 5383

SkiL-Care CORPORATION

Stability Plus Gel-Foam Cushion

This is the ultimate cushion that combines stability, comfort pressure relief and positioning.

- Separate chambers to assure stability
- Raised pommel to control sliding
- Water based gel to provide pressure relief, equalization and therapeutic cooling
- High density foam base to prevent bottoming out
- Heat sealed incontinent proof inner cover
- Launderable outside stretch Low-Shear I fabric cover for added comfort and with safety straps

McKesson #	Mfr #	Description	Packaging	Price
70154300	751047	LSI Cover, 18"W x 16"L x 2.5"H	each	**$72.99**

SkiL-Care CORPORATION

Slide Guard Cushion

For slide control and improved sitting posture.

- High-density foam increases comfort and lowers pressure
- Available water-based gel lowers interface pressure and cools to eliminate perspiration
- 4" foam pommel controls sliding by eliminating posterior pelvic tilt
- Available Low-Shear I fabric outer cover protects skin against friction & shearing
- Incontinent-proof, inner vinyl cover prevents urine from entering cushion
- Optional firm foundation eliminates sling-seat hammocking

Level, Gel Foam with Vinyl and LSI Cover

McKesson #	Mfr #	Description	Packaging	Price
12304300	751230	Soft Foundation, 18"W x 16"L x 2.5"H	each	**$96.99**

SkiL-Care CORPORATION

Visco ConForm Cushion

Temperature-sensitive foam provides uniform pressure relief.

- Visco-elastic foam molds to user's anatomy
- Contour leg troughs promote thigh alignment for postural symmetry
- Low-rise barrier prevents sliding by controlling forward thrust
- Safety strap keeps cushion in place
- Fluid-proof, wipe-clean Low-Shear II cover prevents skin-damaging friction

McKesson #	Mfr #	Description	Packaging	Price
75314300	753150	18"W x 16"L x 2.25"H	each	**$90.99**

SkiL-Care CORPORATION

Bariatric Gel-Foam Cushion

Double-chamber construction relieves pressure for heavy residents.

- High-density foam prevents "bottoming-out"
- LSI, outer cover reduces friction
- Incontinent-proof launderable inner cover

Connex® ProBP™ 3400 Digital Blood Pressure Device

Accurate, reliable, connected blood pressure readings in the palm of your hand.

- Small, handheld design makes device easy to carry and capture readings on rounds or in triage settings
- Hospital-grade SureBP™ technology enables fast, accurate 15-second blood pressure readings, improving patient comfort
- Obtains accurate readings and minimizes error codes, even in the presence of many cases of motion or weak pulse
- USB-wired technology enables connectivity to select EMR/HIS systems, improving documentation accuracy and efficiency
- Compatible with blood pressure cuff sizes ranging from small child (12 cm) to thigh (55 cm)
- Lithium ion battery technology delivers 100 readings on a single charge with rapid recharge time
- Configurable to match your workflow and specific patient needs. Upgradeable so that your initial investment is protected as your needs change
- Mercury and latex free to ensure clinician and patient safety

VITACON.

VitaScan LT Bladder Scanner

The VitaScan LT is the new standard in Real-Time Portable Bladder Scanners. The VitaScan LT is the low-cost, high-quality imaging alternative to old-style "blind" scanners that merely point users in the direction of the bladder. With USB connectivity to off-the-shelf Tablets, Laptops, and PCs, the VitaScan LT provides limitless opportunities for connectivity, data storage, EMR integration and future upgrades. VitaScan Software is intuitive and simple to operate. Users control the entire test from the button on the Scanner or using a mouse or touchscreen. Post Void Residual (PVR) is available in seconds.

- Ergonomic and lightweight handheld design
- No sonographer skills needed
- One button controls test start and stop
- Fully automatic multi-plane scans from one position on the body
- Auto location and auto tracking of the bladder in real-time
- Physiological anomalies that may affect volume calculation are visualized
- Full-page reports in JPEG or PDF, integrated directly into your EMR
- Post-test quality indicators help to train users for optimum results
- VitaScan LT Bladder Scanner includes USB Ultrasound Probe, VitaScan PC Software, Carrying Case, User's Manual and Quick Start Guide

McKesson #	Mfr #	Description	Packaging	Price

Quieter Fall Monitor without Cords – Patented CordLess® Technology

Monitor can be mounted away from the bed, removing in room alarm noise. Monitor in hallway can be set quieter. CordLess® fall monitors and sensor pads help to reduce entanglement and tripping hazards. The CordLess® sensor pads gets placed under the resident. When the resident gets up and the pressure is removed from the pad, a wireless signal is sent to the alarm in the hallway alerting the caregiver.

- Optional Setting: Caregiver with key can reset monitor with Patented, Caregiver Key™ that tamperproofs monitor.
- No Unsafe Off switch
- Auto-Reset when pressure is re-applied to pad
- Raised Visual Status light enabling caregiver to see alarm from a distance
- Patented Pad Signal Lost notification
- Battery operated (3-AA not included) or optional AC adapter
- Low Battery notification
- Monitor Not in Use notification
- Nurse call capability
- Adjustable volume
- Multiple alarm tones
- Protective Boot
- Works with multiple products, bed and chair sensor pads, pressure sensors, floor mats

McKesson #	Mfr #	Description	Packaging	Price
21003200	TL-2100G	Fall Monitor	each	**$76.99**

Economy CordLess® Fall/Mobility Monitor

- Monitor one resident with multiple wireless devices at one location
- Alerts caregiver with chime and blinking red light
- Optional components: CordLess® Bed Sensor Pad GBT-RI; CordLess® Chair Sensor Pad GCT-WI; CordLess® Floor Sensor Mat FMT-07C; Motion Sensor 433-MS; Wireless Nurse Call button 433-NC; Wireless Reset button 433-RB; AC power adapter

70773209	FMT-07C	CordLess® Floor Mat	each	**$109.99**

ALARMS & RESIDENT MONITORING

433-CMU Wireless Economy Central Monitor

433-PGD Local Pocket Pager with LCD Display

SMART CAREGIVER

Wireless Economy Central Monitor

The Central Monitor can be placed at the nurses station to alert caregivers when residents are in need of assistance.

- Eliminate in-room alarm noise; various components silently send a signal to the central monitoring unit – alerts at central monitor and/or caregiver pager
- How it works: each resident can be assigned a sensor pad, motion sensor, and/or nurse call button or floor mat. Wireless signal is transmitted silently to central monitoring unit; notification will then correspond with a number that caregivers can associate with each resident.
- Remote Reset buttons: Optional component that allows staff to reset the central monitor remotely
- Power source: Monitor runs on 4-C batteries (sold separately), or AC power adapter (sold separately)
- Optional components: CordLess® Bed Sensor Pad GBT-RI; CordLess® Chair Sensor Pad GCT-WI; CordLess® Floor Sensor Mat FMT-07C; Wireless Motion Sensor 433-MS; Wireless Nurse Call button 433-NC; Wireless Reset button 433-RB; AC-04 power adapter

McKesson #	Mfr #	Description	Packaging	Price
43303200	433-CMU	Wireless Economy Central Monitor	each	$75.99
43313200	433-PGD	Local Pocket Pager with LCD Display	each	$20.99

SMART CAREGIVER

Wireless Motion Sensor for 433-CMU

Eliminate in room alarm noise with motion sensors that send signal to pagers and Central Monitor Unit. With motion sensors you can maintain effective awareness of resident activities without having to use sensor pads, pull-string monitors or floor mats. Motion sensor can be mounted next to bed to detect movement of resident or by a doorway to monitor exit. When resident gets up and movement is detected, signal is sent to the Central Monitoring Unit to alert caregiver. Must be used with 433-CMU or 433-EC.

- Eliminate in room alarm noise
- Wireless Operation
- Easy Monitoring

McKesson #	Mfr #	Description	Packaging	Price
33443209	433-MS	Wireless Motion Sensor	each	$23.99

SMART CAREGIVER

SMART CAREGIVER

Wireless Emergency Call System

- System includes wireless nurse call button with pull cord, reset button and call alarm with light
- All components are easily mounted on most surfaces with no hard wiring
- The Emergency Call alarm provides an audible and visible alert

McKesson #	Mfr #	Description	Packaging	Price
20073209	2007-SYSR1	Wireless Emergency Call System	each	$249.99

SMART CAREGIVER

Stand Alone Motion Sensor

Maintain effective awareness of resident's activities without the use of pressure pads or pull-string monitors.

- Chime Alert
- Swivel Bracket
- No hard wiring required

McKesson #	Mfr #	Description	Packaging	Price
10273209	TL-2700	Stand Alone Motion Sensor	each	$24.99

SMART CAREGIVER

Unbreakable Lifetime Warranty Pull String Monitor

- Lifetime warranty
- Magnet alarm automatically resets when magnet is replaced
- Thick, impact resistant foam cover
- Integrated, locking mounting strap easily and securely mounts the monitor to chair backs

McKesson #	Mfr #	Description	Packaging	Price
24733209	TL-2000	Unbreakable Lifetime Warranty Pull String Monitor	each	$39.99

SMART CAREGIVER

DUAL Pull String/Sensor Pad Monitor

- Works as a pull string monitor or sensor pad monitor
- Pad Lost light, Status light, Low Battery light, Auto Reset
- Reset Button enables caregiver to quiet the monitor while still attending to the resident

McKesson #	Mfr #	Description	Packaging	Price
30013200	TL-3100	DUAL Pull String/Sensor Pad Monitor	each	$49.99

SMART CAREGIVER

2-Pendant Paging System

Paging system comes with 2 call buttons that can send a signal to a pager. They can be mounted to headboard or worn around neck of resident with lanyard (included). If the resident is in need of assistance, they can easily press the call button and it will send a signal to the pager alerting caregiver.

- Includes two nurse call buttons and one pocket-size pager with audible alert
- Insert batteries and it's ready to use

McKesson #	Mfr #	Description	Packaging	Price
58293209	TL-5102TP	2-Pendant Paging System	each	$38.99

SMART CAREGIVER

Motion Sensor to Pager

Eliminate in room alarm noise with a motion sensor that sends signal to a pager. With motion sensors you can maintain effective awareness of resident activities without having to use sensor pads, pull-string monitors or floor mats. Motion sensor can be mounted next to bed to detect movement of resident or by a doorway to monitor exit. When resident gets up and movement is detected, signal is sent to the caregivers pager.

- Eliminate in room alarm noise
- Wireless Operation
- Easy Monitoring

McKesson #	Mfr #	Description	Packaging	Price
38143209	TL-5102MP	Motion Sensor to Pager	each	$38.99

ALARMS & RESIDENT MONITORING

Soft landing mat with beveled edges

Pressure Sensing Landing Mats

New! Patented technology. Unique and exclusive pressure sensing landing mats that reduces injuries from falls and alerts caregiver when resident need assistance. The landing mats have a caregiver alert system built in. When resident applies pressure to the landing mat, the monitor will be activated, alerting the caregiver of the resident's mobility. landing mats can be connected to a variety of Fall Guard Monitors for simple low cost solutions.

- 1" thick energy absorbing rubber
- Textured Top – Prevents slipping when stepped on
- Beveled Edges – For easy roll over for wheelchairs

McKesson #	Mfr #	Description	Packaging	Price
83823209	LM-01C	Quiet CordLess® Landing Mat	each	**$149.99**
73823209	LM-01	Corded Landing Mat	each	**$125.99**

31123209	ELM1-SYS	Economy On/Off Switch Monitor w/Corded Landing Mat	each	**$149.99**

Wireless Infrared Sensor

Designed for Hospital Bed Use

New! Patented technology. Early accurate quick warning when resident attempts to leave bed. The Infrared Sensor projects a thin curtain next to the bedside to monitor resident before getting out of bed. When resident tries to leave the bed, a signal is sent to the fall monitor, activating the alarm and alerting the caregiver. The infrared Sensor is designed to work with the Quiet CordLess® monitor (TL-2100G).

- Simple, Easy, Highly Effective
- Specially designed for resident's bed
- Beam is highly focused to one area
- Reduce false alarms
- Operates on 2AA batteries

McKesson #	Mfr #	Description	Packaging	Price
84123209	GPIR1-SYS	Quiet CordLess® Monitor w/One Infrared Sensor	each	**$99.99**
94123209	GPIR2-SYS	Quiet CordLess® Monitor w/Two Infrared Sensors	each	**$124.99**
50553209	AC-05	Optional AC Adapter (TL-2100G Monitor)	each	**$19.99**

Fall Monitor

New! The Fall Monitor is the lowest cost Fall Monitor available with these safety features:

- Auto Reset Function: The monitor automatically resets when pressure is placed back on a connected pressure pad. Pressing the reset button on the front of the monitor can also reset monitor.
- Monitor Can Be Set To Silent: Monitor can be set to silent if corded nurse call button is used with Central Monitoring Unit
- Low Battery Light: Notification that batteries are low
- Status Light: Lets caregiver know when monitor is in use

McKesson #	Mfr #	Description	Packaging	Price
83973209	TL-2100B	Basic Fall Monitor, (1 year warranty)	each	**$18.99**
30163209	PPB-WI	Bed Pad 20" x 30", (1 year pad life)	each	**$105.99**

64123209	FM-05C	CordLess® Floor Mat, Gray	each	**$ 105.99**

FALL MATS

Fall Mat

- Durable, soft foam with beveled edge to prevent trip hazard
- Perfect for fall safety and prevention

McKesson #	Mfr #	Description	Packaging	Price
45315009	4500031	24"W x 72"L	each	$123.99

Floor Cushions

- Helps reduce impact forces by up to 85%
- Tested according to ASTM test protocol for shock absorbency
- EVA foam with wipe clean vinyl cover and non-skid bottom
- Tri-fold design with convenient carrying handle
- One-inch (3 cm) thick foam creates low profile edge

McKesson #	Mfr #	Description	Packaging	Price
60233209	6023	Beveled, Flat: 38"W x 70"L x 1"H	each	$150.99

Reflective Edge Beveled Floor Cushion

- Made of low profile EVA foam that absorbs up to 85% of impact forces from a fall
- Features beveled edges on three sides, which helps reduce tripping hazards and accommodates walkers and wheelchairs
- Tri-fold design with convenient carrying handle
- Wipe clean vinyl cover with a non-skid bottom
- Includes a luminescent border that glows after exposure to light for improved visibility in darkened environments

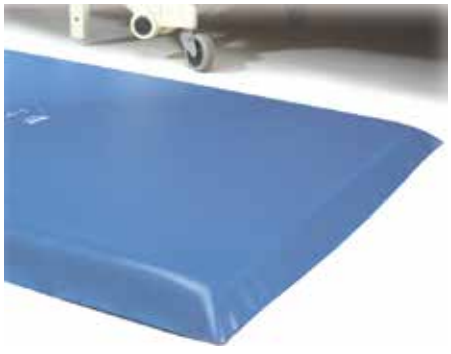
McKesson #	Mfr #	Description	Packaging	Price
60273009	6027R	Reflective Edge Beveled Floor Cushion	each	$189.99

EZ Landing

Although there are numerous fall mats to choose from the EZ Landing fall mat is differentiated by its easy to care for one-piece elastomeric foam surface, beveled low profile edges and embedded nano silver that protects the mat from mold, mildew, stains and odor causing bacteria.

- Reduces impact and protects resident from serious injury
- Trip resistant beveled edges
- Low profile stable surface allows resident to stand, walk or wheel over the mat without difficulty
- Slip resistant bottom keeps mat securely in place

McKesson #	Mfr #	Description	Packaging	Price
91153000	911585	Fall Mat, 24"W x 68"L x 1"H	each	$144.99
51913000	911590	Fall Mat, 30"W x 68"L x 1"H	each	$178.99



Roll-On Bedside Fall Mat

Tapered edge for easy wheelchair roll-on.

- Trip resistant beveled edges
- High-density foam mat absorbs the impact of a fall from bed
- Durable vinyl heat-sealed cover wipes clean for easy care
- Folds in half for easy storage
- Includes strap that secures mat to footboard

McKesson #	Mfr #	Description	Packaging	Price
95483009	911548	Bedside Fall Mat, 26"W x 68"L x 1.5"H	each	$135.99

RENOVATING OR REMODELING YOUR FACILITY?

WE CAN HELP

Beyond our extensive product offering, we also work with suppliers who can help streamline your design, renovation and construction process. Their designers are healthcare experts, focusing on designs that enhance resident comfort and wellness. Their team can help create a warm, home-like environment that your residents and their families are sure to enjoy. Detail-oriented and aware of codes and regulations, they create safe and distinct spaces that meet both your functional and financial requirements.

They will work directly with you and your architect or builder to create a full turnkey project including long term care beds, space planning and design development, resident room and common area furniture (including colors and materials selections), artwork and more.

Contact your McKesson Medical-Surgical Account Manager today for more information about these design services.

Med-Aire Alternating Pressure Mattress Replacement System with Low Air Loss

- The system provides alternating pressure and is designed to be used in the prevention, treatment and management of Pressure Ulcers
- The "WHISPER QUIET" pump produces consistent air flow
- Mattress can operate in an alternating or static pressure mode
- Special vibration isolating features insure that the patient rests easily without feeling the pumps vibrating action
- LED and audible alarm provide critical performance data and alert caregiver when pressure falls below 10mmHg (inner mattress pressure)
- Mattress has 20 easy to replace individual air bladders, nine (9) with laser holes to achieve low air loss function, to increase patient comfort, keep the patient cool and speed recovery
- Quick fill adapter and carry bag standard
- Spring lined air tubes prevent kinks and disruption of air flow
- CPR valves provide fast (20-Second) deflation
- 8" high air cells are constructed with Nylon/50% PVC for durability
- 12 months limited warranty

McKesson #	Mfr #	Description	Packaging	Price
57470509	14027	36"W x 80"L x 8"H, 350 lbs. weight capacity	each	**$499.99**

Med-Aire Plus Alternating Pressure Mattress Replacement System with Low Air Loss

- The product is designed to be used in the prevention, treatment, and management of Pressure Ulcers
- Mattress operates in an alternating pressure mode
- Ideal for use in hospitals, nursing homes and home care
- Easy to replace individual bladders
- 3-Air cells remain static to enhance patient comfort
- LED and Audible alarm activate when pressure falls below 10mmHg
- Cell-on-Cell design prevents the patient from "Bottoming Out" in the event of a power failure
- 8 - LPM (Liters per Minute) pump produces consistent air flow
- Mattress has 20 air bladders, 9 with laser holes to achieve low air loss function helping to keep the patient cool and speed recovery
- 8" cells are constructed with 60% Nylon/40% PU that is soft and lightweight
- The zippered Poly/PU cover material is water resistant, vapor permeable and quilted
- CPR valves provide fast deflation
- 18 months limited warranty

McKesson #	Mfr #	Description	Packaging	Price

FUSION 2K™

FUSION 2K™/XC™

Offering powered and non-powered firm perimeter therapeutic support surface options.

FUSION 2K™

- A fully functioning "hospital grade", true low air loss mattress with a firm perimeter edge and a blower based pump
- The FUSION 2K™ pump offers iSense Processing™ to continually monitor the patient's immersion as well as Pulsation (alternating pressure) and System Lock
- 300 lbs. weight limit
- 5 year warranty

ROHO

ROHO® SOFFLEX®2 Mattress Replacement System

Utilizing ROHO's Shape Fitting Technology®, SOFFLEX®2 Mattress Replacement System's interconnected air cell sections may be adjusted separately to match the individual's shape, thus providing overall skin and soft tissue protection.

- Three sections create a multi-zoned support surface for an individualized fit and the side inflation port allows easy, quick access for adjusting each section
- Fits most bed frames including existing home, hospital or care facility bed frames that are 80" to 84" (203cm to 213.5cm) in length
- Non-powered, reusable and costs significantly less than powered mattress systems
- Weighs only 28 lbs. (12.7 kg) and is easy to transport and handle during set up and adjustment
- Weight capacity: 650 lbs. (295kg), mattress should be correctly sized to the bed frame
- Cover has a fluid-resistant top and that zips together with the bottom to completely enclose and protect the mattress, is flame-resistant and the cover top can be wiped clean and removed for disinfecting

SPAN America Innovative Solutions

PressureGuard® APM²

- Two active air therapy modes: Alternating Pressure or Lateral Rotation
- **New!** Proprietary Shear Transfer Zones™ cover design (pat. pending) helps glide user back to original position following HOB elevation.
- **New!** Digital control unit includes powered flotation and timed auto firm modes
- Independently documented to outperform traditional low air loss surfaces in speed of wound closure
- Delivers subtle shifts in weight bearing in ten-minute cycles without sharp pressure drop-offs
- Therapeutic Geo-Matt anti-shearing surface and two-part Safety Edge™
- Allows air to be retained indefinitely in the event of power outage
- Low pressure indicator light and audible alarm gives users assurance of proper function
- Includes inner fire barrier sleeve for certified conformance to NFPA 101 (Life Safety Code®); Cal Tech Bulletin # 117; 16 CFR Parts 1632 and 1633, and BFD IX-11

PressureGuard® APM² Safety Supreme™

- Multi-mode air therapy with raised safety perimeter
- The ultimate in fall and entrapment prevention, fire safety, and skin integrity
- To maximize fall prevention and further minimize entrapment dangers, the Safety Supreme incorporates the patented, raised perimeter found in the Geo-Mattress with Wings®
- Covered by the shear-reducing Geo-Matt® segment surface from edge to edge, this unique raised perimeter helps prompt the user away from a dangerous position near the edge of the bed
- Digital control unit includes powered flotation and timed auto firm modes
- Includes inner fire barrier sleeve for certified conformance to NFPA 101 (Life Safety Code®); Cal Tech Bulletin # 117; 16 CFR Parts 1632 and 1633, and BFD IX-11

PressureGuard® APM Bariatric

- Air therapy for users up to 750 lbs.
- Features a segmented top to reduce sharp pressure drop-offs, while the air system below handles the "heavy lifting," alternating weight-bearing across the surface in user-selectable intervals
- Its "two up, one down" inflation pattern ensures maximum patient support throughout the cycle
- The powerful digital control unit includes eight electronically controlled comfort settings
- Includes programmable cycle times of 20, 25, 30 or 35 minutes, a low-pressure indicator and audible alarm
- Includes inner fire barrier sleeve for certified conformance to NFPA 101 (Life Safety Code®); Cal Tech Bulletin # 117; 16 CFR Parts 1632 and 1633, and BFD IX-11

PressureGuard® Custom Care®

- Provides effective, non-powered pressure redistribution through its combination of a zoned, shear-reducing, engineered outer shell surrounding a reactive support chamber system
- Unique Metered Immersion™ design reacts to changes in surface loading through a series of interconnected longitudinal support chambers
- As the user moves or repositions on the surface, the chambers below react in concert, deflecting, transferring air, and venting in relation to the user's weight and position
- Minimized shearing through Geo-Matt® surface geometry and Shear Transfer Zones™ on bi-directional stretch cover
- Maintenance-free support chambers require no adjustment or refilling
- No initial set-up necessary
- Includes inner fire barrier sleeve for certified conformance to NFPA 101 (Life Safety Code®); Cal Tech Bulletin # 117; 16 CFR Parts 1632 and 1633; and BFD IX-11

PressureGuard Turn Select®

- Customized lateral rotation which slowly, gently, and quietly repositions the user at angles up to 30 degrees, with dwell times as short as 1 minute and as long as 2 hours
- Hand-held pendant allows convenient programming of the system's four operating modes
- Provides caregiver the flexibility to select a standard turning program, or to create a pattern fully customized to the patient's condition
- Ultra-compact, microprocessor controlled pump is integrated directly into the mattress, leaving no bulky pump or external air lines to contend with
- Maintains proper inflation and support during power loss until power is restored and rotation can be resumed
- Includes CPR mode (provides an extra-firm surface for performing CPR with a crash board), program lock-out, and CPR alarm
- Supports 350 lbs.
- Includes inner fire barrier sleeve for certified conformance to NFPA 101 (Life Safety Code®); Cal Tech Bulletin # 117; 16 CFR Parts 1632 and 1633, and BFD IX-11

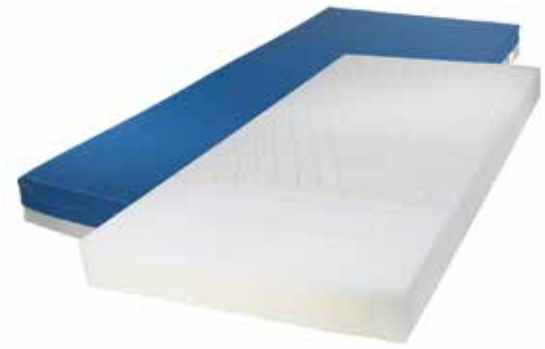
FOAM MATTRESSES



drive

Gravity 7 Long Term Care Pressure Redistribution Mattress

- Multi-layered, high density foam provides optimal pressure redistribution
- Top layer of foam is high resilient and die-cut which provides comfort and proper pressure redistribution
- The ultra soft heel section is uniquely designed to provide extremely low skin interface pressure
- The mattress cover is a 2-way stretch, water resistant, vapor permeable nylon
- The cover provides a low moisture transmission rate (MVT) which keeps the patient cool and dry
- Optional firm side rails help the patient transfer in and out of bed minimizing the risk of falling
- Meets fire code 1633
- 7 year limited warranty

Invacare® Resolution Glissando™ Mattress

The Invacare® Glissando™ Gliding Mattress is designed to prevent friction and shear that can contribute to pressure ulcer development, while providing comfort for the resident. The top layer stays with the resident, while the bottom layer conforms to the bed optimizing pressure redistribution.

- Dual Layers of high density foam offer two-part construction with a patented "gliding" layer enable top and bottom sections to move independently as the mattress is articulated
- Castellated Foam offers break surface tension of foam allowing maximized body contact, optimizing pressure reduction
- Built-in support provides effective sidewall support, facilitation resident transfer
- Water resistant premium cover with welded seams and flap concealing the zipper to help prevent contamination of the foam.
- Weight capacity of 500 lbs. (550 lbs. on 42" W models)
- Limited Warranty: 8 years on mattress, 4 years on cover

RECLINERS

LUMEX

3-Position Recliner

- Easily adjusts into any one of three positions: sitting, TV or full recline
- Position lock allows only the caregiver to secure the chair in any one of the three easily attained positions
- Encourages natural relaxation and improved blood circulation
- Flex-o-Lator seat support system increases comfort by reducing the risk of “bottoming out”
- Ergonomically designed seat and back with varied density foam construction provides correct support
- Articulating headrest quickly adjusts to maximize individual comfort requirements
- (2), 4" swivel casters with wheel locks and (2), 4" fixed front wheels for safer, easier transport
- The molded activity table can be fixed in position or left unsecured for easy exit from the recliner
- Durable welded steel epoxy coated frame is easy to clean and maintain
- Weight bearing capacity/unit: Maximum weight capacity 250 lbs. evenly distributed

LUMEX

Deluxe Preferred Care® Recliner, Extra Wide

- Assembled in the U.S.A. from domestic and globally-sourced parts
- Ideal for use as a patient room recliner, post operative care recliner or for oncology/blood collection
- The extra wide 24" seat is ideal for patients who require a wider seat width or patients who need a little extra room to reposition themselves
- Four TENTE® plastic swivel casters facilitate transport and maneuverability in confined areas
- Three total locking casters with easy to locate black locking tab lock both wheel and swivel with a single motion
- Directional wheel lock with high visibility green locking tab on right rear caster locks the swivel to allow the recliner to track straight when pushed down a hallway with less effort
- Patented reclining mechanism enables almost infinite positioning of the recliner, ranging from 95 degrees to 145 degrees for increased resident comfort and pressure relief
- The reclining back can be easily locked in any position by the caregiver to maintain proper patient positioning
- A unique UltraFlex suspension system in the seat and back self-adjusts to each person, cradling the resident from head to heel greatly reducing the risk of “bottoming out”
- UltraFlex Bands can be adjusted in the back of the recliner for individualized patient comfort
- The unique, finely sewn healthcare grade upholstery system is easy to clean and maintain, and allows for the easy removal and service of the upholstery
- High density foam in the seat, back and arms enhances patient comfort and support
- Meets CA TB-133 Specifications
- Weight bearing capacity/unit: Maximum weight capacity 400 lbs. evenly distributed

RECLINERS

LUMEX

Preferred Care® Recliner, Tilt in Space

- The Tilt-in-Space feature allows for improved resident positioning, increased comfort and pressure relief
- Independent leg rest is easily activated by the caregiver from side of chair to provide leg elevation for increased resident comfort
- Self storing, height adjustable drop arm is simple for the caregiver to activate and enables a safer, easier lateral transfer for the caregiver and resident
- Padded armrests provide a soft surface for added resident comfort
- Directional wheel lock on right rear caster reduces "crabbing" of recliner and enables the chair to be moved down hallways with less effort
- A unique suspension system self-adjusts to each person, cradling the resident from head to heel and virtually eliminating the risk of "bottoming out"
- Extra-wide padded armrests and side panels maximize comfort
- Durable epoxy coated welded steel frame is easy to clean and maintain
- Quick-release upholstery allows for easy cleaning, removal and replacements
- Vinyl upholstered back is sulfide stain, mildew and oil resistant
- Weight bearing capacity/unit: Maximum weight capacity 250 lbs. evenly distributed

SPANAmerica Innovative Solutions

Geo-Wave™ Specialty Recliner Cushion

- Unique segmented fins are specifically engineered to address the effects of the reclining-induced shearing that is typical of institutional seating
- Patented design has three distinct zoned orientations to reduce shear in multiple directions for specific seating areas
- Use of this cushion also helps to reduce pressure when the user is in the upright or reclined position
- Three elastic hook and loop straps located at the head, torso and foot help anchor the cushion to the chair

McKESSON

Providing medical supplies to your Part B patients so you can focus on care

McKesson MediMart has clinical staff to help manage your chronic care patients' medical supply needs—something you might not expect from a supplier.

MediMart clinical resources help:

- Review Part B patients' qualifications
- Assess adherence to Medicare guidelines
- Review protocols

MediMart also provides assistance with:

- Management of Part B claims
- Extensive distribution network
- Quality products
- Product education
- And more

MediMart has nearly 40 years of experience in the long term care industry and was one of the first Part B enteral providers in long term care. MediMart is proud to be accredited by ACHC (Accreditation Commission for Health Care) as a medical supply service provider.

Halifax Bedside Cabinets and Chests

Chic and durable perfectly describes the Halifax Collection. Made of solid wood and gorgeous wood veneers, these fine pieces are at home in any transitional design setting and have Invacare® craftsmanship written all over them. Plus, the luxurious look and feel is protected by high-pressure laminate construction. So it will provide years of enjoyment and pleasure to your community, your staff and, of course, your residents.

DeVilbiss HEALTHCARE

DeVilbiss Portable Battery Powered Aspirator

The DeVilbiss® Homecare Suction Unit 7305 series completes the portable suction line with high performance capabilities in a small compact package.

- Vacuum adjustments allow for 80-550 mm Hg and a free flow of 27 liters/minute
- The unit has a conveniently placed easy-to-read gauge for when precise measurements of vacuum are needed for the pediatric patient
- Easy-to-turn adjustable flow regulator knob is conveniently placed directly below gauge, for easy use and control. Knob has safety lock feature which will not allow the knob to be twisted off.
- All of the high-performance capabilities are conveniently placed in a small compact package weighing less than 6.3 lbs.
- The DeVilbiss® Homecare Suction Unit 7305P series meets the RTCA/DO160D Aircraft Standard as well as the ISO-10079 Suction Standard

CareFusion

AirLife™ Soft Cushion Cannula with Foam Ear Covers

AirLife™ cushion cannulas are preassembled with AirLife soft foam ear covers to help reduce skin irritation around the ear. The soft, gray covers slide smoothly on the headset tubing, making them easy to position for ideal comfort and fit. The cannulas include:

- A soft, clear design to optimize patient comfort while allowing unobstructed patient observation
- A wide variety of lengths
- Crush-resistant tubing to prevent occlusion and kinking
- Latex-free materials

McKesson #	Mfr #	Description	Packaging	Price
26013900	FM2600	Adult, with foam covers, 7' O_2 tubing	each	$2.49

CareFusion

Air*Life*™ Soft Cushion Cannula

AirLife™ soft cushion cannulas include lariat tubing that is approximately 37%* softer than Carefusion standard AirLife cannulas. This soft tubing helps alleviate chafing behind the ears, reducing skin irritation. The cannulas include:

- Optimum drapability to securely stay in place
- Soft lariat to reduce the need for foam ear covers
- A wide variety of lengths
- Soft design to optimize patient comfort
- Crush-resistant tubing to prevent occlusion and kinking
- Latex-free materials

*Based on a material durometer difference of 30 using the Shore A hardness scale.

McKesson #	Mfr #	Description	Packaging	Price
26293900	SFT2600	Adult, with 7' O_2 tubing	each	**$1.29**

CareFusion

AirLife™ Cannula Ear Cover

- Soft ear cover functions as a cannula support device and is designed to prevent ear chafing
- Latex-free
- Single patient use

McKesson #	Mfr #	Description	Packaging	Price
20163900	002016	Cannula Ear Cover	50 pair/case	**$69.99**

CareFusion

AirLife™ Universal Oxygen Nut/Nipple Connector

- The AirLife™ nut/nipple connector can be used to connect oxygen tubing to an oxygen source
- To use, simply attach the threaded end of the connector securely to a flowmeter and connect the tubing connector to the outlet stem

McKesson #	Mfr #	Description	Packaging	Price
18403900	001840	Oxygen nut/nipple connector	each	**$1.60**

CareFusion

AirLife™ OxyMask

- OxyMask is able to deliver FiO2 of 24%-90% at flow rates ranging from 1 to 60+ lpm, making it ideal for a variety of patients with differing oxygen therapy needs
- Comfortable and non-claustrophobic mask promotes better patient use compliance
- Open design allows for easy communication with patient and access to other therapies
- Reduces the re-breathing of carbon dioxide
- Reduction of oxygen interfaces used per patient from as many as seven down to just one lowers the per-patient cost of therapy

McKesson #	Mfr #	Description	Packaging	Price
28113900	OM-1125-8	Adult Oxy Mask w/7' Tubing	each	**$129.99**

CareFusion

AirLife™ Prefilled Humidifier System

- Filled with sterile water for inhalation, these humidifier systems feature a dual purpose reservoir with a snap-open trigger, which makes a round opening for secure attachment of a humidifier adapter (available separately)
- The oxygen pathway is designed to help prevent particulate from reaching oxygen delivery tubing
- An audible relief valve warns if the patient's tubing becomes occluded
- Designed for convenient shelf storage, Compact Humidifier 002620 has a multiangle outlet port that prevents spitting, even at high flow rates, and a small bottle opening that prevents refilling
- Includes an adapter and a 4 psi pressure-relief valve with alarm

McKesson #	Mfr #	Description	Packaging	Price
25203900	002620	With humidifier adapter, 500mL	each	**$2.50**

Amara Full-Face Mask

Lighter and smaller than any other leading traditional full-face mask on the market, the Amara has been designed with the patients' comfort in mind. Amara is a simple to use, high performance fully adjustable mask intended to deliver a great night's sleep.

- With only 4 sizes designed to fit over 95% of patient faces, Amara helps you get the right fit first time every time
- The flexible silicone cushion is designed to reduce pressure points helping to keep your patients comfortable and compliant
- At just 4 parts including an innovative forehead adjustment system, Amara makes light work of setting up your patients
- Silicone and Gel cushions fit on same frame. Chose silicone for clear vision and lightweight, chose gel cushion for enhanced seal and comfort.

EXERCISE MACHINES

Activate Series Elliptical Cross-Trainer

- Classic Stride Technology produces a unique, popular motion with an 18" stride length and research-based elliptical path and moving arms that provide an effective total-body workout
- Lifepulse™ digital heart rate monitor hand sensors located on easy-grip bullhorns; also works with optional hands-free Polar® telemetry chest strap
- Auto Power Start activates console when user begins to pedal
- Over-sized pedals with narrow spacing allow comfortable use with minimal lateral hip shifting, reducing lower back stress
- Intuitive console with clear, simple controls offer exercisers clear direction for quick start or pre-programmed workouts, and the workout summary provides valuable feedback

McKesson #	Mfr #	Description	Packaging	Price
38727709	OSX-0000	Activate Elliptical Cross-Trainer	each	**$3,139.99**

LifeFitness

Activate Series Recumbent Lifecycle Exercise Bike

- Easy step-through design provides easy on and off
- Lifepulse™ digital heart rate monitor hand sensors located on easy-grip bullhorns; also works with optional hands-free Polar® telemetry chest strap
- Auto Power Start activates console when user begins to pedal
- Easily adjustable ski-boot style pedal straps and 34 seat adjustment positions ensure that each person can find their most comfortable riding position
- Intuitive console with clear, simple controls offer exercisers clear direction for quick start or pre-programmed workouts, and the workout summary provides valuable feedback

EXERCISE MACHINES

Korebalance™ Premier

The Korebalance™ System uses the latest in virtual and interactive technology, offering innovative high-tech balance assessment and training. The Korebalance™ provides documented neurosensory assessment and training. The Korebalance™ software provides balance and vestibular assessment. The unit features patent pending variable stability technology. Training programs are incorporated, stimulating the brain and nervous system to improve balance, stability, coordination and posture.

- 44" W x 58" D (112 cm x 148 cm), 80" H (203 cm) fully extended
- Platform has 360° horizontal and 20° vertical range of movement
- Individually adjustable safety rails, catering to user's physical ability and height
- Warranty: Frame, 15 years; electronics, 2 years; wear items, 1 year
- Made in the USA

McKesson #	Mfr #	Description	Packaging	Price
22007709	KB-Premier-22	Korebalance™ Premier	each	**$16,999.99**

Nautilus ONE® Leg Press

Nautilus ONE® Strength Equipment combines a revolutionary new weight stack technology with the most intuitive and user-friendly selection method ever created: a dial.

- Changing the weight is as simple as turning the dial, all from a seated position
- No guide rods to lubricate and no weight pins to lose means reduced maintenance costs
- Hydraulic seat adjustments utilize a direct linage for maintenance-free use
- No guide rods and fewer pulleys give a smooth, plate-loaded feel from a selectorized machine
- Ultimate comfort from marine-grade upholstery that is custom contoured and hand-crafted and treated with Antimicrobials
- Features Optimal Strength Curve Technology® for an effective and safe workout
- Instructional placard utilize lenticular images (they move as you move your head)
- 52" W x 62" L x 57" H, medical weight stack 385 lbs. with light starting resistance
- Warranty: Frame/Welded Moving Parts/Weight Stacks, 12 years; Moving Parts, 3 years; Labor, 1 year; Upholstery/pads/grips and tethered weight stack pins, 6 months

McKesson #	Mfr #	Description	Packaging	Price
63857709	S6LP	Nautilus® One Leg Press	each	**$5,979.99**

Nautilus Freedom Trainer™, Single or Dual Stack

- 4:1 weight ratio increases cable travel, reduces the negative effect of inertia and decreases the beginning weight to 3.75 lbs. at each grip on single stack
- On dual stack starting resistance of 10 lbs. and 2:1 weight ratio gives incremental resistance of 5 lbs. at each grip
- Improves strength in integrated movements that imitate specific activities, either sports-related or the movements that make up daily life
- The arms adjust in a horizontal and vertical plane and are counterbalanced for ease of adjustment
- Versatility allows for an infinite number of exercises that can be performed standing, seated or in a supine or prone position with the use of a ball, bench or seated chair (optional benches available)
- Accessories include: Iliac crest belt, 42"- 3 lbs. bi-lateral bar, adjustable D handles, 4-point ankle harness
- ADA compliant and wheelchair accessible
- Warranty: Frame/Welded Moving Parts/Weight Stacks, 12 years; Moving Parts, 3 years; Labor, 1 year; Upholstery/pads/grips and tethered weight stack pins, 6 months

McKesson #	Mfr #	Description	Packaging	Price
30007709	F3FT-M	Freedom Trainer™, Single Stack	each	**$3,899.99**
30017709	F3FTD-M	Freedom Trainer™, Dual Stack	each	**$4,699.99**

Nautilus® T10 Treadmill

The Nautilus® T10 Treadmill combines cutting-edge technology, superb craftsmanship, and heavy-duty materials with the backing of the Nautilus® brand. The Nautilus® T10 Treadmill features an integrated fan that offers a cool breeze during your workout. The T10 uses patented REACT® absorption control technology, which protects the user's ankles, knees, hips, and back by providing an advanced and dynamic cushioning system.

- Weight capacity: 600 lbs. to 4 MPH
- Elevation: 0-18%, step-up height: 7½"
- Warranty: Frame parts, 15 years; Mechanical parts and weldments, 3 years; Electrical, 3 years; Wear parts (including touch screen), 1 year; Motor, 10 years; Labor, 1 year

Lbs. refers to force to compress finger

CanDo® Digi-Extend® Finger Extension Exerciser

- Facilitates extension and flexion exercise; isolate extension of all fingers and individual finger joints
- Develop isolated finger strength, flexibility, and coordination
- Vary resistance by changing to a different color-coded rubber band
- 4 color-coded band resistance levels (tan, yellow, red, green) allow each muscle or joint to work at a comfortable level and build as increased strength is achieved
- Comes with exercise pamphlet

McKesson #	Mfr #	Description	Packaging	Price
17757709	100775	Finger Extension Exerciser	each	**$16.99**

EXERCISE THERAPY

CanDo® Via® Hand Exercisers

- Develops isolated finger strength, flexibility and coordination as it builds hand and forearm strength
- Soft finger pads and palm rest with an ergonomic design that's non-intimidating and appeals to children and seniors
- Progressive color-coded resistance gives patient positive feedback

McKesson #	Mfr #	Description	Packaging	Price
32867709	100735	X-light, Finger 1.5 lbs., Hand 5 lbs., Yellow	each	$9.99

Hot Button™ Reusable Instant Hot Compress

- Instantly becomes hot once the button inside the pack is activated and the pack remains hot for at least 30 minutes
- Re-usable pack is "recharged" and made ready for a future activation by boiling it for approximately 10 minutes and can be repeated at least 100 times
- The Hot Button™ non harmful contents are common non-toxic food additives
- Activate pad by gently flexing disk within the pad back and forth until pad starts to crystalize; pad will heat to approximately 130°F (54°C)
- For cold pack refrigerate (do not freeze) and to return to liquid state wrap pad in cloth, place in boiling water for 5 to 12 minutes

Polar Frost® Cold Gel from Finland

- Polar Frost Cold Gel is specially formulated to provide soothing relief for soft tissue injuries, stress injuries, muscle tension, inflammation and stiffness
- Aloe Vera has an anti-inflammatory effect and it keeps the skin smooth and moist throughout treatment
- Massage a thin layer of Polar Frost Cold Gel into the painful area and repeat application every three hours for 3-5 days, as needed
- The gel absorbs fast and works quickly
- Manufactured under a strictly standardized production process using only the highest quality materials.

THERAPEUTIC DEVICES

BioMedical Life Systems

GV 350® High Volt Pulsed Stimulator

Aids in soft tissue healing, increases range of motion, reduces inflammation, muscle spasm, increases blood flow,
alleviates pain.

- Dual channel unit that delivers full powered twin peak stimulation
- Continuous or alternating stimulation
- Positive and negative polarity switch with 2 active outputs and 1 dispersive return
- Comes fully kitted with GV 350 device, hard carrying case, (4) AA alkaline batteries, (4) 1.5"W x 2"L oval electrodes, (1) 4"W x 7"L dispersive electrode, (3) leadwires
- 3 year warranty

McKesson #	Mfr #	Description	Packaging	Price

BioMedical Life Systems

Quadstar II® Multi Modality Sequential Stimulator

Increases range of motion, reduces inflammation and muscle spasms, increases blood flow, strengthens weak muscles,
alleviates pain.

- Fully loaded electrotherapy system, portable 4 channel device delivers NMS, INF and TENS sequential stimulation
- There are 9 preprogrammed Fixed Sequences
- The TENS has 3 modes of operation; constant, burst, and modulation
- The INF has adjustable frequency and 4 stimulation modes, the NMS has 3 adjustable modes and there is a patient lock system that holds the prescription settings for ease of use
- Comes fully kitted with carrying pouch, multicolor lead wire set, (4) AA alkaline batteries, (2) packages of 1.5"W x 2.5"L oval electrodes, AC adaptor, instructions
- 5 year warranty

McKesson #	Mfr #	Description	Packaging	Price

Sonicator® 740x

- Light-weight and portable and features a universal applicator cable to make changing applicators quick and easy
- Optional rechargeable lithium ion battery pack allows you to take therapy on the road with you
- Large soft-touch controls let you set-up treatments quickly and easily and the backlit display shows all treatment parameters and conditions
- Comes standard with all three available applicators—a 5 cm^2 dual frequency applicator, a 10 cm^2 / 1 MHz applicator and a 1 cm^2 / 3.3 MHz applicator
- All three applicators can be stored on the unit itself to keep them available at all times
- Weight: 3.75 lbs. (1.7 kg.) without battery, 4.5 lbs. (2.0 kg.) with battery

9.5"W x 13.5"L x 7"H

McKesson #	Mfr #	Description	Packaging	Price
44075909	4404ME740X	Sonicator® 740x	each	$2,044.00

Sonicator® Plus 930

- Features a 1 and 3 MHz, 5 cm² applicator for therapeutic ultrasound and the three most popular stimulation waveforms for the busy practice: Interferential, Premodulated and Medium Frequency (Russian)
- Easy-to-use membrane panel, designed to assist the clinician with quick set-up
- Start a treatment by selecting treatment parameters with as few as three keystrokes and adjusting intensity with a twist of a dial
- The enclosure has a cradle to conveniently hold the ultrasound applicator between treatments
- Up to three treatment protocols may be run simultaneously on three different timers
- Weight: 8.7 lbs.

12"W x 12"L x 6"H

McKesson #	Mfr #	Description	Packaging	Price
93005909	ME930	Sonicator® Plus 930	each	**$2,657.00**

Sys*Stim® 240 Neuromuscular Stimulator

- 9 discrete waveforms designed to facilitate clinical versatility
- Optional laser or cluster light therapy
- Controls using touch-sensitive technology
- Patented M-Wheel™ for adjusting parameters
- Bright color display with crisp text and graphics
- Memory for user-defined protocols
- Optional battery pack
- Translated into 8 languages
- Weight: 4.5 lbs. (5.5 lbs. with battery)

SkiL-Care CORPORATION

Gel-Maze

The gel-maze provides the resident the opportunity to move a marble through a maze pattern. This activity offers the sensory feeling of gel, the opportunity to project the path of the marble, and introduces the resident to linear geometry. All of these activities contribute to brain stimulation, improved eye/hand coordination, increased finger strength, dexterity, reduced boredom and anxiety.

TREATMENT TABLES

Balance Canyon Bo-Bath

Designed much wider than most of our Hi-Low Treatment tables for greater interactive exercises between the patient and practitioner.

- Available in either 1 or 2 section design and either hand or foot control (hand or foot operated switch to adjust table height)
- Hand lever activated struts to assist in the effortless adjustment of the head section
- Dual foot lever retractable heavy-duty hospital grade casters
- Foot operated switch to adjust table height
- FDA/UL/CSA/CE listed with hospital grade electrical cord and 3 prong plug
- 40"W (100cm)
- 500 lbs. capacity

McKesson #	Mfr #	Description	Packaging	Price
61327709	6130002060	Balance Canyon Bo-Bath	each	**$1,964.99**

Balance 3 Section Sierra Model

Specifically constructed for heavy manipulation with the top section completely supported by a heavy-duty steel frame, holding a weight capacity of up to 500 lbs. (225 kg).

- Gas struts, hand lever activated, providing smooth adjustment at moveable top sections
- 2"H foam cushion with width of 28" (71 cm) x length of 77" (196 cm)
- Hands free, foot operated up/down elevation levers with adjustable height from a minimum of 18" (45 cm) to a maximum height of 36" (91 cm)
- Breathing hole and a dual sided cushion face plug
- (4) Dual foot lever retractable heavy-duty hospital grade casters
- FDA/UL/CSA/CE listed with hospital grade electrical cord and 3-prong plug

Medical Supply Distribution

GULF SOUTH® MEDICAL SUPPLY
EXPERTISE *DELIVERED.*

WHEN LEADERS UNITE, YOU WIN!

The industry's two leading medical supply and solutions providers are now **one**, bringing you even more access to a broader range of products and services that can help you enhance patient care while improving the health of your business. It's a win-win for you, your long term care residents—and your business.
